HydroFLASH

— SEALING TAPE —

Ideal for taping housewrap seams and penetrations for air sealing performance.

- Specially formulated adhesive that outperforms butyl and rubberized asphalt flashings, perfect for HydroGap Drainable Housewrap and FlatWrap HP.
- Protects penetrations and tears from moisture intrusion.
- Can achieve enhanced 15-year product and labor warranty when used in conjunction with HydroGap Drainable Housewrap or FlatWrap HP.
- No primer needed.

LENGTH: 75 ft.

WIDTH: 2.5 in.

TEMP RANGE: 0-120 degrees

WARRANTY: 10 or 15 year limited
