

HydroGap® Drainable Housewrap is the best performing drainable housewrap on the market.

This product allows construction professionals to Build Better™ by effectively eliminating excess moisture, thereby preventing the damaging effects of mold and rot. Its patent-pending one millimeter spacers allow at least 100x more bulk water to drain from a wall versus standard housewraps and drains water 2x faster than any other drainable housewrap on the market.

Thickness (size of gap)	.04 in (1 mm)
Width	5 ft (1.5 m), 9 ft (2.75 m), 10 ft (3.05 m)
Length per roll	100 ft (30.48 m)
Max. UV exposure	120 days
Warranty	10 (product) or 15 (system)
Composition	Polypropylene tri-laminate
Vapor Permiability	16 perms
Fire Rating	Class A

- Provides a true drainage gap
- Superior strength and water holdout
- Breathable
- Seam tape not required
- Omni-Directional design
- 15 year product and labor warranty
- Available in 9 and 10 ft

Meets requirements of major siding manufacturers such as James Hardie®, Boral®, and LP® Smartside® for applications where drainable housewraps are recommended or required.

Recommended for all types of siding
