**XTRACTOR VENT® X18 XTRA & SHARK VENT® XTRA COMPLIANCE BULLETIN**

To whom it may concern,

Xtractor Vent X18 and Shark Vent XLP have been certified by Miami Dade County for compliance with the building code. The only difference with Xtractor Vent X18 Xtra and Shark Vent Xtra is the addition of the filter. The filter has no effect on the performance characteristics and only enhances the weather protection; however they were not specifically tested and therefore are not listed on the report. They pass all of the testing requirements for Miami Dade County.
