RE: Request for Material Safety Data Sheets

To answer your concerns regarding Material Safety Data Sheets (MSDS) for Roll Vent, Rapid Ridge, Cougar LP, Slicker Classic-HP-Max, Cedar Breather, HydroGap, InvisiWrap UV, Batten UV and FlatWrap HP purchased from Benjamin Obdyke Incorporated, these products are exempt from regulations requiring MSDS.

According to Occupational Safety and Health Standards 29 CFR 1910.1200, MSDS must be supplied for all hazardous chemicals. "Articles" defined in 1910.1200(c) are exempt under these regulations. Benjamin Obdyke Incorporated feels that Roll Vent, Rapid Ridge, Cougar Vent, Slicker Classic-HP-Max, Cedar Breather, HydroGap, InvisiWrap UV, and FlatWrap HP are in fact "articles" and are, therefore, exempt. However, our products are made of polypropylene, nylon 6, polyethylene, and polyester.

I hope that this information proves useful; should you have any questions regarding the information covered in this document or require any further technical assistance, please contact me at khandly@obdyke.com.

Thank You,

Kaylen Handly
