

HYDROGAP®

DRAINABLE HOUSEWRAP

HydroGap® Drainable Housewrap is the best performing drainable housewrap on the market. This product allows construction professionals to Build Better™ by effectively eliminating excess moisture, thereby preventing the damaging effects of mold and rot. Its patented one millimeter spacers allow at least 100X more bulk water to drain from a wall versus standard housewraps.

1 mm compression resistant spacers assures a continuous and efficient drainage gap

Superior Strength and Water Holdout – tri-laminate substrate with water holdout layer sandwiched by two non-woven layers to protect it from damage during installation

Seam Tape Not Required – saves time and labor costs by reducing need for taping

Removes over 100X more bulk water from a wall versus standard WRBs

Drains 2x faster than other drainable WRBs

WIDTH	5 ft (1.5 m) & 9 ft (2.7m)
LENGTH PER ROLL	100 ft (30.48 m)
MAX. UV EXPOSURE	120 Days
VAPOR PERMEABILITY	16 Perms
ADHESION	Continuous Acrylic
FIRE RATING	Class A
