

Roll Vent® ridge vent offers the most innovative, effective way to protect residential roofing from the deteriorating forces of excess heat and moisture build-up. Roll Vent is available in 20 or 50 foot rolls.

ROLL VENT®
CONTINUOUS
RIDGE VENT

Code Approvals:

Texas Department of Insurance Product Evaluation (RV-01) - Standard Only
Florida Building Code (FL 7751) - Standard Only
Meets or exceeds: ICC, FHA, HUD, and NBC

Breathable weather barrier that prevents rain, snow and insect infiltration

Wing tip design prevents shingles from folding over ridge vent, cutting off ventilation

End plug free installation saves time by shingling over

See-through hinge makes it easy center over the ridge

Hot dipped galvanized nails included, 2.5 in

Visible nail line for easier alignment

Compression resistant design
