

# INVISIWRAP™ UV

ENHANCED UV FOR OPEN JOINT CLADDING

12 Month UV exposure before cladding installation

Use with siding openings of up to 2 in.

Superior tear strength & water holdout

25 year Open Joint system warranty

**InvisiWrap UV** is specially designed for use with architectural designs that incorporate “open joint claddings.” The product features a high performance black polyester nonwoven with a proprietary coating. The black color of the wrap enhances the aesthetic appeal to open joint architecture. When used in conjunction with a rainscreen it provides superior bulk water drainage, exceptional vapor permeability and durability.
