

HYDROGAP® SA

SELF-ADHERED DRAINABLE HOUSEWRAP

HydroGap® SA, is the first ever self-adhered WRB with a 1mm drainage space. By integrating a continuous drainage space with a continuous acrylic adhesive, HydroGap® SA creates an unmatched air and moisture barrier and supports long-term wall assembly performance.

Eliminates moisture from the wall system with 1mm spacers that create a continuous & efficient drainage gap

100% continuous acrylic adhesive technology provides true sealing around every fastener and penetration point

Removes over 100X more bulk water from a wall versus standard WRBs

Drains 2x faster than other drainable WRBs

Adheres to OSB, CDX, plywood, and CMU without the use of a primer above 25° F
