RE: HydroGap SA self-adhered drainable housewrap and the Ontario Building Code

Benjamin Obdyke requested Morrison Hershfield, a Canadian engineering consultant, to objectively evaluate HydroGap SA for compliance with Division B, Part 9, Housing and Small Buildings, and Part 5, Environmental Separation, of the Ontario Building Code.

The evaluation from Morrison Hershfield states, *“It is our opinion that, when installed in accordance with the guidelines and within the limitations cited in the Benjamin Obdyke literature, HydroGap SA and its accessory products meet the Ontario Building Code, Division B requirements for resistance to air leakage and protection from precipitation for buildings that fall under Part 9 and Part 5 of the Code.”* (Morrison Hershfield, 2023, p.6)
