

BENWRAP[®] SA

SELF-ADHERED WRB

BenWrap[®] SA is a self-adhered, vapor-permeable weather-resistive barrier featuring 100% continuous acrylic adhesive technology to help reduce air leakage, manage moisture, and improve energy efficiency. Its repositionable adhesive allows for faster, more accurate installation without primer above 25°F, while its durable tri-laminate construction provides reliable protection. Designed to integrate seamlessly with Benjamin Obdyke rainscreen products, BenWrap[®] SA supports tighter, high-performance wall assemblies.

Superior weather resistive barrier to be used in combination with Benjamin Obdyke rainscreen products

100% continuous breathable acrylic adhesive technology is repositionable during install, reducing waste

Provides a true sealing around every fastener

Substrate is highly resistant to damage during install

Adheres to common sheathing materials without the use of a primer above 25° F

WIDTH	4.75 ft (1.45 m)
LENGTH PER ROLL	80 ft (24.38 m)
MAX. UV EXPOSURE	120 Days
VAPOR PERMEABILITY	14 Perms
ADHESION	Continuous Acrylic
FIRE RATING	Class A
